HEADTEACHER'S NOTE

Note from the Director's Desk

Dear Parents and Guardians,

We hope you and your families enjoyed a restful and refreshing midterm break. It is a pleasure to welcome our students back to school as we embark on the second half of the term with renewed energy and enthusiasm.

We are pleased to see our learners return ready to engage in their studies and school activities. The transition back into the classroom has been smooth and students have quickly resumed their learning routines.

Before the break, our students had the opportunity to participate in the Brookhurst International Chess Championship 2026, where they demonstrated exceptional skill, discipline, and sportsmanship. We are proud to celebrate their remarkable achievement of winning five individual trophies. In addition, Pink Tower secured an impressive overall second position, earning a team trophy.

Also our students embarked on an enriching learning journey to Sasini Coffee Mill, Kiambu, where they explored the importance of sustainability, climate change awareness, and protecting life on land. From discovering the various stages of plant growth at the nursery to getting their hands dirty planting trees, our young environmental champions gained valuable knowledge through real-life experiences. This impactful program was proudly supported by Rainforest Alliance, helping inspire the next generation to care for our planet while having fun along the way.

These accomplishments reflect the dedication, perseverance, and talent of our learners and we congratulate all participants for representing the school with distinction.

As we move forward, our focus will be on strengthening understanding of key concepts, completing planned curriculum objectives and supporting learners in achieving their personal and academic goals. This period is particularly important as we continue to build on the progress made earlier in the term and prepare students for upcoming assessments and end-of-year expectations.

We kindly encourage parents and guardians to continue supporting learning at home by promoting regular study habits, ensuring timely completion of assignments, and maintaining open communication with the school.

"The roots of education are bitter, but the fruit is sweet." — Aristotle

director's note continued....

Your involvement remains an invaluable part of your child's educational success. Thank you for your continued partnership, trust and commitment to our school community. Together, we can ensure that every learner remains motivated, confident and prepared for the opportunities ahead.

We look forward to a productive, successful and rewarding remainder of the term.

Best regards,

MS. Phyllis Mburu.
Director.

"Free the child's p"Learning
never exhausts the mind." —
Leonardo da Vinci

Dear Parents and Guardians,

As we resume for the second half of the Summer Term, we are determined to finish the academic year strong, confident, and fully prepared for the transition into the next class. Our learners have continued to demonstrate remarkable resilience, responsibility, and enthusiasm in their learning journey. It is encouraging to see them taking an active role in guiding their own learning experiences and embracing every opportunity for growth.

I am delighted to report that our learners maximized their creativity and innovation through the Half-Term Project activities. These projects showcased not only their academic abilities but also their problem-solving skills and imagination.

MR. EZEKIEL MUSERA
HEAD OF SCHOOL

I extend my sincere gratitude to all parents and guardians for your unwavering support in guiding the learners through the project process and providing the necessary resources to ensure successful completion.

This term's projects focused on environmental conservation and sustainability, helping our learners develop a deeper appreciation for nature and their role in protecting it. By nurturing environmental awareness at an early age, we are equipping the next generation with the knowledge and values necessary to create a greener and more sustainable future.

In line with this commitment, our learners recently participated in a memorable tree-planting exercise at Sasini PLC in Kiambu. Beyond classroom discussions on conservation, they had the privilege of learning directly from sustainability experts from Rainforest Alliance and Sasini PLC. The hands-on experience of planting indigenous trees reinforced the importance of environmental stewardship and will undoubtedly inspire our learners to remain advocates for conservation in the years ahead.

"The more that you read, the more things you will know. The more that you learn, the more places you'll go." — Dr. Seuss

Academically, we are pleased to note that our curriculum delivery remains firmly on track. Our dedicated teaching staff continue to ensure timely coverage of all learning objectives across the various key stages. We are confident that by the end of the term, every learner will have fully engaged with the required curriculum content and be well prepared for progression to the next class in September. I would like to commend our teachers for their commitment and professionalism, and thank parents for the continued partnership that makes learner success possible.

Our co-curricular program has also continued to thrive. We recently participated in a Chess Tournament at Brookhurst International School, where our learners delivered an outstanding performance. We are proud to announce that Pink Tower International School emerged as First Runners-Up overall, while several learners earned individual trophies through exceptional performances. These achievements reflect the strong analytical thinking, discipline, and determination that our learners continue to demonstrate.
We also look forward to participating in additional sports fixtures this term, particularly in basketball and chess, where our learners will continue to showcase their talents and sportsmanship.

Looking ahead, we are excited to celebrate the Day of the African Child. Learners will be expected to come dressed in traditional African attire as we honour African heritage, culture, and identity. A variety of engaging activities have been planned to make the day both educational and memorable for our learners.

As always, thank you for your continued support, trust, and partnership. We deeply value the bond that unites us as the Pink Tower International School family. Together, we continue to nurture confident, responsible, and globally minded learners who are prepared for future success.

Warm regards,

Mr. Ezekiel Musera.
Head of School.
